

It's Easy As 1,2,3!

With the current case rates slowly rising in our state, the Illinois Department of Public Health wants to remind you: the best way to fight COVID-19 is to be fully vaccinated AND get your booster shots, particularly if you are 65 years of age or older.

1

Boosters are available!

Get vaccinated and stay up-to-date- on recommended booster shots to protect yourself and loved ones.

2

It saves lives!

COVID-19 vaccines continue to protect people from getting seriously ill. Unvaccinated people over the age of 65 are 40x more likely to be hospitalized and 50x more likely to die due to COVID than those with a booster dose.

3

Ask your provider!

Ask your doctor or local pharmacist about getting your booster, especially if you have questions or are immunocompromised.

EASY WAYS TO FIND A COVID-19 VACCINE OR BOOSTER

- Search [vaccines.gov](https://www.vaccines.gov)
- Text your zip code to 4-3-8-8-2-9
- Call 1-800-232-0233 to find locations near you
- If you need help with a home vaccination or a ride to a vaccination appointment, call the Senior HelpLine at 1-800-252-8966.
