

Illinois Care Connections

The Illinois Department on Aging (IDoA), in partnership with the Illinois Assistive Technology Program (IATP), provides support aimed at enabling **social connectedness**; maintaining **health, safety, and well-being**; and promoting **independence** and **community living**.

Who is Eligible?

Individuals over 60 connected to, or receiving services from, an Area Agency on Aging (AAA), AAA-funded entity, Community Care Program Care Coordination Unit (CCP-CCU), Adult Day Service (ADS), Adult Protective Services agency (APS), or Home Care Ombudsman (HCO) are eligible for the Illinois Care Connections (ICC) program.

What Devices are Available?

- **Technology** – tablet and needed accessories
- **Durable Medical Equipment (DME)** – walkers, shower chairs, toilet risers, and other DME
- **Activities of Daily Living (ADL) Devices** – to aid in bathing, grooming, cooking, and other daily living tasks
- **Smart Home Devices** – smart doorbells, lightbulbs, door locks, and other smart devices

How Do I Sign Up?

Referrals must be submitted through one of the following IDoA funded providers:

1. Community Care Program Care Coordination Unit (CCU);
2. Adult Day Service provider (ADS);
3. Area Agency on Aging (AAA);
4. AAA-funded provider;
5. Adult Protective Services agency (APS); or
6. Home Care Ombudsman (HCO).

If you believe ICC could assist you, please contact one of these entities in your area to request that they submit a referral on your behalf.
